EXPECTATIONS

The 2018 Taste of Liberty is an opportunity for individual businesses to sample items that make their menus interesting and unique. This is a great time to not only expose your business to a large group of potential customers, but it is also a perfect occasion to demonstrate to the local business community and attendees the other services your business provides (various catering options, your breakfast menu, corporate lunches, unique local faire, your tablescapes talents, etc.).

Samples should be approximately 2-3 bites in size and it is recommended that each business prepare at least 200 pieces. Patrons are coming to this event to experience a variety of offerings. We are making the assumption that each attendee will experience each business at least once. Because there is no way to know for sure how the crowd will act, the sample expectations are only recommendations. Other factors such as the popularity of the dish, the uniqueness of the dish, and table placement must be considered by each business.

The Liberty County Chamber of Commerce is not responsible for businesses who over prep or run out of samples early. We will do our best to provide useful information in a timely manner in order to help each business make educated decisions about the event. However, in the end, each business participating is an independent business and is solely responsible for the menu choices, food cost, piece numbers and any other business related decisions regarding their business as it relates to the event. **There will be limited electricity provided**, so please plan accordingly.
